STATEMENT OF PATENT ATTORNEY PROSECUTING APPLICATION

Sir:

The undersigned attorney is prosecuting the above-identified application as evidenced by the filing of an Information Disclosure Statement mailed to the USPTO on November 13, 2003. A copy of the Information Disclosure Statement (Exhibit A), as well as a postcard acknowledgement from the USPTO on November 17, 2003 of its receipt (Exhibit B), is enclosed.

The firm with which the undersigned is associated never received the Notice Of Incomplete Nonprovisional Application Filed under 37 CFR 1.53(b), mailed by the

CERTIFICATE OF MAILING UNDER 37 C.F.R. §1.8(a)

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450 Alexandria, Virginia 22313-1450, on April 27, 2005.

USPTO on December 10, 2003 (Exhibit C). Although that Notice, which applicants obtained from the Patent Application Information Retrieval (PAIR) System, was mailed to our office, that Notice was never received at Scully, Scott, Murphy & Presser.

Applicants enclose herewith a copy of computerized docketing sheet (Exhibit D) for the subject application. It is noted that the undersigned attorney's initials are included therein. The second attorney noted on the computerized sheet is Frank DiGiglio whose initials are FSD. Mr. DiGiglio is the partner in charge of the client commissioning our prosecution of the subject application.

As noted on the docketing sheet, the application filing, the postcard receipt of the application filing, the filing of an Invention Disclosure Statement and the application status check are all noted by date. All but the status check were checked off as having taken place. The identification of the Notice on PAIR establishes that the status check occurred.

That there is no record of the receipt of a Notice of Incomplete Nonprovisional Application, the absence of which prompted the Notice of Abandonment, establishes that the Notice never arrived at Scully, Scott, Murphy & Presser. As such, the abandonment of the subject application was unavoidable.
